

G.A. & F.C. Wagman Voted Best Places to Work in PA for 6th Time; Introduces New Tagline, Website

G.A. & F.C. Wagman Inc. has been ranked No. 21 of the 50 Best Places to Work in PA in the large-sized company category for 2010. This is the sixth time in which Wagman has made the list.

Wagman provides many ways to keep employees involved and informed, as well as offering opportunities for development. Wagman partners with Penn State York to offer the Wagman Institute for Professional Development to provide additional resources and training opportunities for Wagman employees. In addition, Wagman has an award-winning safety program, various wellness programs and multiple opportunities for employees to volunteer to support the community.

Wagman communicates company information with employees through various newsletters and bi-monthly employee meetings. Its Grassroots Committee promotes awareness of local and

industry issues, encourages involvement, and welcomes all employees to "Meet and Greets" for employees to meet with their elected officials.

A new tagline and website have also been introduced. When determining what truly sets Wagman apart, "Bridging Generations • Since 1902" was chosen for several reasons. Wagman spans four generations, most notably building bridges while also employing families who have "bridged generations" within Wagman, creating a true family culture. A lot has changed over 108 years, but some things stay the same, like the core values which remain the foundation of Wagman.

The new website (www.wagman.com) showcases Wagman's services, capabilities, people, and projects.

Ten Wagman employees attended the Best Places to Work in PA dinner at the Lancaster Convention Center in December.
