Wagman Construction Celebrates Completion of Dickinson College's John M. Paz '78 Alumni & Family Center

(Carlisle, Pa.) Wagman Construction, Inc. celebrated the completion of [Dickinson College's John M. Paz '78 Alumni & Family Center](#) at a ribbon cutting event on Friday, May 3, 2024. The event was held on campus to celebrate the grand opening of the building, which was completed by Wagman last fall. The transformation of this public-facing building consisted of exterior renovations, including a new stone terrace and façade, as well as numerous interior renovations, including high-end finishes, state-of-the-art meeting rooms, multipurpose interactive spaces, and suites for visiting families and alumni. The building will be the center for various presentations, discussions, and events, such as career information sessions and learning events for and by alumni.

"We're honored to have been a part of bringing the John M. Paz '78 Alumni and Family Center to life for the Dickinson community. This project is a testament to the vision and dedication of the College's leadership, and we're proud of the collaborative effort that went into making this exceptional space a reality. We believe this new center will serve as a hub for connection and engagement for generations of Dickinson students, alumni, and their families for years to come," says Jan Wagner, President of Wagman Construction.

Wagman was grateful to return to the Dickinson College campus for this prestigious project after previously completing the [Kline Fitness Center](#) in 2015, an award-winning LEED Gold-certified project and Project of the Year recipient from ABC Keystone.

Wagman is a multi-faceted construction firm with major operations in heavy civil, general construction, and geotechnical construction services. Founded in 1902, Wagman is a fourth-generation, family-owned company with offices in Pennsylvania and Virginia and is headquartered in York, Pa. As a full-service general contractor, Wagman Construction facilitates growth and development in education, healthcare, senior living, commercial, cultural/community/nonprofit, adaptive reuse, and industrial markets in central Pennsylvania, Virginia & Maryland.
