### **Wagman Construction, Inc. Receives Platinum Excellence in Construction Award from ABC Greater Baltimore**

(York, Pa.) Wagman Construction, a proud member of ABC Greater Baltimore, is honored to announce that it has received a prestigious Platinum Excellence in Construction Award for [The Village at Rockville](#) project, located in Rockville, MD. The project was one of 19 to receive the Platinum Award. The [Excellence in Construction Awards](#) are presented to local member contractor firms for their outstanding work.

The Village at Rockville Cottage Conversions was a two-phase project that modernized existing buildings into larger, more marketable residences while maintaining their original charm. Wagman worked closely with The Village at Rockville - A National Lutheran Community and RLPS Architects to create customized living spaces, offering residents personalized finish selections that enhanced satisfaction and overall appeal.

Despite structural challenges, utility upgrades, and a compressed schedule, Wagman delivered the project on time and within budget, ultimately returning savings to the owner. The team also supported the permitting process and managed construction adjacent to occupied areas with minimal disruption, demonstrating exceptional coordination and commitment to quality.

The Village at Rockville project reflects Wagman's dedication to collaboration, innovation, and resident-focused construction. The result is a revitalized community that will continue to serve and inspire for years to come.
