Wagman Heavy Civil Receives Gold Level Safety STEP Award from ABC Delaware

(York, PA) Wagman Heavy Civil, Inc. has been recognized with a Gold Level Safety STEP Award from the Associated Builders and Contractors (ABC) Delaware Chapter. The award was presented to members of the I-95 / SR 896 Delaware Interchange project during the Chapter Awards Dinner on Wednesday, May 20.

STEP, or Safety Training & Evaluation Process, was founded in 1989 as a safety benchmarking and improvement tool. The program has evolved into a world-class safety management system that dramatically improves safety performance amongst its participants, regardless of company size or type of work.

Greg Andricos, President and COO of Wagman Heavy Civil, states, "Safety is a core value at Wagman, and we are proud to be recognized alongside our industry peers in the state of Delaware for making it a priority on our jobsites."

For more information about the ABC's STEP program, [visit their website](#).

Wagman is a multi-faceted construction firm with major operations in heavy civil, general construction, and geotechnical construction services. Founded in 1902, Wagman is a fourth generation, family-owned company with offices in Pennsylvania and Virginia and is headquartered in York, PA. As a heavy civil contractor, Wagman is a nationally recognized leader within the industry. Wagman's core competencies include: design-build, infrastructure, marine construction, modified concrete, grooving and grinding, and geotechnical construction services.
